1. OBJECTIVE

1.1. Through this Campaign, the referring User will receive a reward in USDc provided that said Referee successfully registers on DolarApp, verifies their identity, and uses the DolarApp platform to carry out at least one eligible deposit in accordance with the conditions described in this document ("Reward"). Furthermore, the new Referee will receive one free international transfer, provided that said Referee successfully registers on DolarApp according to the method described in clause 2.1, verifies their identity, and complies with all applicable KYC requirements (the "Campaign").

1.2. The Campaign shall apply exclusively to those Users and Referees who have been expressly designated by DolarApp in accordance with its internal eligibility and segmentation criteria. The Campaign referral period (for the referring user to successfully register on the platform) will be valid from July 24, 2025 to August 7, 2025. Each designated Referee shall have a period of 10 (ten) calendar days from the date of registration to complete eligible deposit. Thus, under no circumstance shall any eligible deposit made after August 17, 2025, be considered valid for the purposes of this Campaign.

1.2.1. The Campaign applies only to Users and Referees expressly selected by DolarApp, which reserves the right, at its sole discretion, to determine eligibility and to exclude any participant at any time.

2. RULES AND CONDITIONS

2.1. To be considered eligible and participate in the Campaign, Users must invite new Referees according to the following method: (i) share the personal link provided to you via the "Earn \$20 USDc for every friend you invite on campus" email or found in the DolarApp app under the "Refer a classmate, get \$20 USDc" tile and (ii) ensure that the new users register using said link.

2.2. After complying with point 2.1, upon completing the registration, the Referee will obtain 1 (one) international transfer for free from/to the US or Europe. The referring User will receive the Reward once the Referee makes a deposit, for a minimum amount of 50 (fifty) USDc (or equivalent in other currency), excluding deposits that DolarApp, under its own discretion, decides to exclude for not complying with these Terms and Conditions. The Referee's deposits must be made within 10 days of registration, i.e., by August 17, 2025. If the Referee does not meet the conditions detailed herein, the User will not receive the Reward.

2.3. The reward for referring Users will be 50 (fifty) USDc (or equivalent) for each new Referee, up to a total cumulative maximum of \$500 (five hundred) USDc (the "Reward"). In turn, each new Referee who meets the conditions of this Campaign will receive one (1) international transfer for free, as defined in our Terms and Conditions.

2.4. The Reward will be granted once the Referee has made a deposit of value of at least 50 (fifty) USDc (or equivalent in other currency), excluding deposits that DolarApp, at its sole discretion, decides to exclude. The deposits must appear as "Completed" in DolarApp's internal systems and not as "Pending."

2.5. The Reward in USDc will be credited within 30 days after the end of the campaign in accordance with the applicable rules and regulations established by DolarApp.

2.6. The Reward in USDc will be added directly to the referring User's balance within their DolarApp account. The free international transfer will be automatically granted to the Referee, subject to the specific terms defined by DolarApp.

2.7. The Rewards promotion is non-transferable and can only be used by the Users and Referees who made the eligible deposit. The User will not be credited with the prize if the Referee was previously shared by another User.

2.8. Each new Referee must be a natural person not previously registered with DolarApp.

2.9. All expenses and taxes that the User or Referee must incur by virtue of this Campaign will be borne exclusively by them.

2.10. The promotion will be available only to those eligible users who have the minimum application version of iOS 6.20.0 or Android 6.20.4, or any higher version.
